
IS Work Trips

IS Work trips information system is used to administer work trips of university employees according to the Rector's measure 54/2023 .

Currently it is available only at some faculties of the university.

The administration, operation and development of the system is ensured by the Research, Projects and Mobility Management .

Access

Access to the application for users (employees and students) is at the following address: <http://cesty.is.cuni.cz/> .

Login data - the employee's personal number (on the card under the photo) and password set in the CAS (Central Authentication Service) are used for login.
