JINONICE domain

All students or employees of the Charles University can acquire a user account in the JINONICE domain. By doing so, they gain access to the following services:

- logging into computers connected in the JINONICE domain, such as computer classrooms and computers of some other faculties
- mailbox of 250MB with web interface – https://email.jinonice.cuni.cz
- place in network drive (H:) of 100MB and roaming profile of 30MB
- possibility of connecting into VPN to access Charles University information sources
- possibility of logging into networks within the eduroam project.

Accounts of employees of the Faculty of Philosophy, Faculty of Humanities, and the 1st Faculty of Medicine in the domain are created only and exclusively by the IT departments (LVT) of the relevant faculty.

Other employees can ask for an account using Helpdesk's application form: http://www.jinonice.cuni.cz/poradna .
Students can apply for an account by electronic means. For more information, see below.
To open an account in the JINONICE domain, users have to meet the following conditions:

- Have a Charles University Identity Pass – see http://www.cuni.cz/prukazy
- Have a **verified password** for CAS/LDAP of the Charles University – see https://cas.cuni.cz/
- **Students must be matriculated for study. Applicants are not entitled to an account in the domain!**

Detailed description for getting an account in the JINONICE domain is available here .
