
Charles University Grant Agency

Grant Agency is a system which helps Charles University students (in master's or doctoral programmes) apply to the Charles University Grant Agency (GAUK) for support of their projects, register them, and deal with other administration related to the various implementation stages of GAUK-supported projects.

For further information about the Grant Agency of the Charles University and a grant competition, see [Charles University website](#).

Access

This application is accessible at <https://is.cuni.cz/webapps>.

Contact and support

Application support can be contacted through [the Helpdesk \(Poradna\)](#) application. Questions are answered mainly by employees of the Grant Agency, technical questions are redirected to the Computer Science Centre.
