# OBD – Publishing activity records

---

The **OBD** application collects and administers records regarding publication activities and other results of intellectual activities at the Charles University. New information is entered into the application by the authors themselves.

## Access

Users (employees and students) can access the application at [verso.is.cuni.cz](https://verso.is.cuni.cz).

Application is accessed with the following login data: personal number of the student/employee (on identity card under the photograph) and password set in the CAS ( [Central Authentication Service](#) ).

## Contact and support

Contact information for application support is listed on [Charles University website](#).
